GERMANY A SICK SAMPSON GUARDED BY THOUSAI New York Financier Makes Unfit

Draw Up New Note to Germans.

PARIS, Oct. 8.—Marshal Foch, who yesterday was instructed to draw up a new note to the German government relative to the withdrawal of General von der Goltz's troops from the Baltic provinces, will couch the document very clearly, according to newspapers here. The note, it is said, will state that in case there are further dilatory tactics from Berlin, measures will be announced for dealing with the situation and will be immediately and rigorously applied.

Home Complexion Peeler Works Wonders

To keep the face, neck, arms and hands truly beautiful and youthful in appearance, the treatment which seems most sensible is one which will actually remove the skin itself immediately it begins to age, fade, coarsen or discolor. The only known treatment which will do this, aside from a painful, expensive surgical operation, is the application of ordinary mercolized wax, which is as harmless as it is effective.

The wax is put on at night, just as you apply cold cream, and washed off in the morning. It absorbs the dead and half-dead surface skin in almost invisible flaky particles, a little each day, no discomfort being experienced. With the disappearance of the old cuticle, the newer, healthier skin underneath gradually appears, richly beautiful with the flush of youth. This mercolized wax, which you can get at any drug store in original package, is indeed a veritable wonder-worker.—Adv.

YOU CAN'T HIDE

POISON IN THE BLOOD

Your Friends Know It and Internal Troubles Warn You

When you see a person whose face is consantly disfigured with blotches, pimples and other skin eruptions it is a sure sign that impurities have found their way into his or her blood. Intelligent people know that these blemishes cannot be permanently eradicated by the application of lotions and cosmetics. They look into the cause of the trouble and invariably find that the blood has become poisoned. Further investigation is likely to show that the person is troubled with indigestion and constipation, both of which are due to sour, fermented undigested food remaining in the stomach and bowels. Acids and poisons then begin to generate and soon find their way into the blood. Failing to throw off their poisons in the natural way, the only other channel is through the pores, which accounts for so many embarrassing and disfiguring skin eruptions.

Let Pepsinol arouse your appetite, let Pepsinol and your digestion. Let Pepsinol gently regulate your bowels and thus strike at the root of blood impurities. Pepsinol is tonic, digestive, gently laxative and corrective in its effect. It is a vitalizer and strength builder. It keeps you fit and healthy, puts vigor and energy into your whoje system.

## Sprays and Local Application Will Not Cure Catarrh.

Don't deceive yourself, if by the porsistent use of sprays, douches, salves and other local applications, you have stopped the discharge from your nose and throat. The trouble will return in a more aggravated tors It is said that the glands of the mose and throat act as an "emor-

gency plug for the human sewage system"; that when the kidneys, skin and lungs are unable to properly dispose of some of the impurities that collect in those organs, such impurities are thrown out through the glands of the nose and throat.

Head colds, due to exposure, must not be confused with that chronic, aggravated condition of the nose and throat traceable to impure blood.

The best way to relieve this con-dition of chronic catarrh is by cleansing the blood of all the impurities that have collected in the system. There is no better treatment than Prescription C-2223, the great blood purifier. This reliable alterative prescription treatment corrects the impure state of the blood, gives the tissues an opportu-nity to exercise their normal func-tion and results in the relief of the catarrhal condition so dangerous to good health.

To secure the best results in teleing Prescription C-2223, the liver should be made active and the bowels regular. 2223 Liver Pills are recommended especially for this purpose. These pills do not sieken or gripe. One pill is a dose and only three need be taken a week to keep the liver and bowels in a bealthy condition.
